THE VALUE OF QUALITY

*MANUFACTURER OF
PRESSURE VESSELS*

SINCE '2009

ABOUT US

SeropComp specializes in manufacturing high-quality pressure vessels and compressed air tanks. Through years of experience and innovation, we have successfully met the diverse requirements of our customers across various industries, establishing ourselves as a leading company in the middle east.

Our vision is to be the first choice for companies seeking high-quality pressure vessels and compressed air tanks that enhance operational efficiency and reduce costs. **Our mission** is to provide the best solutions in the field of pressure vessels and compressed air tanks through a commitment to quality, innovation, and excellent customer service.

Certifications and Tests

We take pride in our tanks being certified with global quality certifications such as ISO 16528 and CE Certification. These certifications ensure that our products comply with international safety and quality standards, making them the ideal choice for companies seeking reliability and high performance.

Quality Certifications and Accreditations

UKS EGYPT
ISO CERTIFICATIONS

CERTIFICATE OF CONFORMANCE

This is to certify that the Boilers and Pressure Vessels Performance Requirements of **SEROPCOMP (SEROP BABIAN AND HIS PARTNER)**
Plot No.116, Industrial zone A4, 10th of Ramadan city, Al-Sharqiyah, Egypt.

Has been successfully assessed and conforms with the following standard:

ISO 16528- 1:2017
SCOPE OF CERTIFICATION
MANUFACTURE OF PRESSURE VESSEL AND AIR COMPRESSORS.

Certificate No.: UKS-BPV-25-001
Initial Registration Date: 14.07.2025
Surveillance 1 Audit Date: 14.06.2026
Surveillance 2 Audit Date: 14.06.2027
Re-Certification Due on: 13.07.2028
Date of Expiry: 13.07.2026
Certificate Version: 01

Issued By: UKS EGYPT
Subject to Annual Surveillance and Valid Upon Successful External Audits.
The validity of the certificate is subject to regular surveillance audit on or before the above-mentioned dates and is only valid after successful surveillance in continuation letter issued by UKS Egypt.
To verify the status of the certificate, please visit: www.uks-egypt.com

CERTIFICATE

CE CERTIFICATE OF CONFORMITY

This is to certify that the following product has been reviewed and evaluated by CERTIFICA Certification Body, and found to comply with the essential safety requirements of the European Directive 2014/68/EU (Pressure Equipment Directive - PED).
Product Name: Air Pressure Vessel
Manufacturer: SEROPCOMP (SEROP BABIAN AND HIS PARTNER)
Address: Plot No. 116, Industrial zone A4, 10th of Ramadan City, Al -Sharqiyah, Egypt

Technical Description:

- Verified through full-penetration welds. Weld Joint Efficiency: ≥ 0.8 and non-destructive testing (NDT)
- The product successfully passed Air Pressure and Hydrostatic Tests (no leaks or defects). CERTIFICA has reviewed the technical documentation and inspection reports submitted by the manufacturer. Based on this evaluation, the product is deemed to conform to the requirements of the PED 2014/68/EU and is eligible for CE Marking.

Certificate No.: CE250700031UK
Issued on: 14.07.2025
Valid Until: 13.07.2026

Issued by:
CERTIFICA Certification Body
Signed on behalf of Certifica UK Ltd.:

FIRST PLUS CERTIFICATE

SEROPCOMP (SEROP BABIAN AND HIS PARTNER)
PLOT NO.116, INDUSTRIAL ZONE A4, 10TH OF RAMADAN CITY, AL-SHARQIYAH, EGYPT

HAS BEEN ASSESSED AND FOUND TO BE IN CONFORMANCE TO THE FOLLOWING STANDARD
ISO 9001: 2015
FOR THE FOLLOWING ACTIVITIES
MANUFACTURE OF PRESSURE VESSEL AND AIR COMPRESSORS
IAF CODE: 18-19

Certification Registration No. EG1083

Date of initial registration: 19/05/2024
Date of this certificate: 29/05/2024
Surveillance audits on or before: 28/05/2026
Recertification due/certificate expiry: 29/05/2027

THIS CERTIFICATION WAS CONDUCTED IN ACCORDANCE WITH FIRST PLUS AUDITING AND CERTIFICATION PROCEDURES AND IS SUBJECT TO REGULAR SURVEILLANCE AUDITS. THIS CERTIFICATE IS THE PROPERTY OF FIRST PLUS AND SHALL BE RETURNED IMMEDIATELY UPON DEMAND.

INTERCERT CERTIFICATE OF REGISTRATION

INTERCERT hereby certifies that the Boilers and Pressure Vessels Performance Requirements of **SEROPCOMP (SEROP BABIAN AND HIS PARTNER)**
PLOT NO. 40, INDUSTRIAL ZONE C6, 10TH OF RAMADAN, SHARKIA, EGYPT

Has been successfully assessed as per the requirements of **ISO 16528-1:2017**
For the scope of **MANUFACTURE OF PRESSURE VESSEL AND AIR COMPRESSORS.**

Initial Certification Date: November 27, 2021
Certificate issue Date: November 27, 2021
Surveillance Validity Date: November 26, 2022
Recertification Date: November 26, 2024

Registration Number: IC-TC-211014

Issued on behalf of Intercert Head - Certifications

TO VERIFY THE VALIDITY OF THIS CERTIFICATE VISIT WWW.INTERCERT.COM OR THROUGH EMAIL info@intercert.com. THIS CERTIFICATE IS THE PROPERTY OF INTERCERT INC. 205 Timberloch Plaza, Suite 600, The Woodlands, Texas 77380, United States and must be returned on request.

Certificate of Compliance

This is to certify that **SEROPCOMP (SEROP BABIAN AND HIS PARTNER)**
PLOT NO. 40, INDUSTRIAL ZONE C6, 10TH OF RAMADAN, SHARKIA, EGYPT
for their **CE**
CE Directive: Machinery Directive - 2006/42/EC
For The Following Scope
MANUFACTURE OF PRESSURE VESSEL AND AIR COMPRESSORS

Certificate No.: EUC/PE/1005-2021
Issued on: 20/11/2021
Validity Until: 20/11/2024
1st Surveillance Due On: 20/10/2022
2nd Surveillance Due On: 20/10/2023

THE VALIDITY OF CERTIFICATE IS SUBJECT TO REGULAR SURVEILLANCE AUDIT ON OR ABOUT INDICATED DATES AND ITS ONE IF AND AFTER SUCCESSFUL SURVEILLANCE WITH CONTINUATION LETTER ISSUED BY PCMS.

OUR CUSTOMER

At SeropComp, we take pride in having a distinguished list of clients who trust the quality and efficiency of our products.

Our client base includes leading companies across various industries

Passion.

Engineering

Research and Development

We specialize in designing and developing pressure vessels and compressed air tanks to meet international specifications and maintain high-quality standards across all our products.

Our Services at SeropComp

At SeropComp, our Research and Development department is at the core of our excellence and innovation. We specialize in designing and developing pressure vessels and for various applicatio compressed air tanks to meet international specifications and maintain high-quality standards across all our products. Utilizing high-quality materials such as carbon steel and stainless steel, we ensure our tanks are suitable, providing reliable performance

Design and Development to International Specifications

We are committed to design and develop pressure vessels that comply with the latest international standards. Our engineering team adapts the tanks to meet global market needs, ensuring high-quality standards at every step of production. All our products go through a lot of testing to guarantee performance and safety, making them a reliable choice for companies across various industries.

OUR

PRODUCTS

We offer a comprehensive range of compressed air tanks, both vertical and horizontal, with capacities ranging from 24 liters to 10,000 liters. Our diverse product line includes:

Horizontal Air Receiver Tanks

Ideal for providing more space in work areas.

Serop Comp's horizontal air receiver tanks are engineered for air compressors. Their horizontal orientation allows for easy installation and integration in spaces with limited height, making them suitable for both mobile and fixed applications.

Available capacities: from 24 liters to 1,000 liters.

To meet various environmental and operational requirements, these tanks can be manufactured with **electrostatic** powder coating, **epoxy** coating, or in hot-dip **galvanized** finish for enhanced corrosion resistance.

Operating pressure range: from 8 bar to 24 bar

Test pressure: up to 32 bar

All tanks are manufactured in compliance with international safety and performance standards, ensuring reliable air storage and long-lasting durability.

Vertical Air Receiver Tanks

Offer stability and superior performance.

Serop Comp's vertical air receiver tanks are designed for industrial compressors station.

Available capacities: from 100 liters to 10,000 liters.

To suit diverse industrial environments, vertical tanks can be finished with **electrostatic** powder coating, **epoxy** coating, or hot-dip **galvanization**, providing superior protection against corrosion.

Operating pressure range: from 11 bar to 42 bar

Test pressure: up to 63 bar

Each tank is precision-manufactured to ensure optimal performance, air quality, and pressure stability under demanding operating conditions.

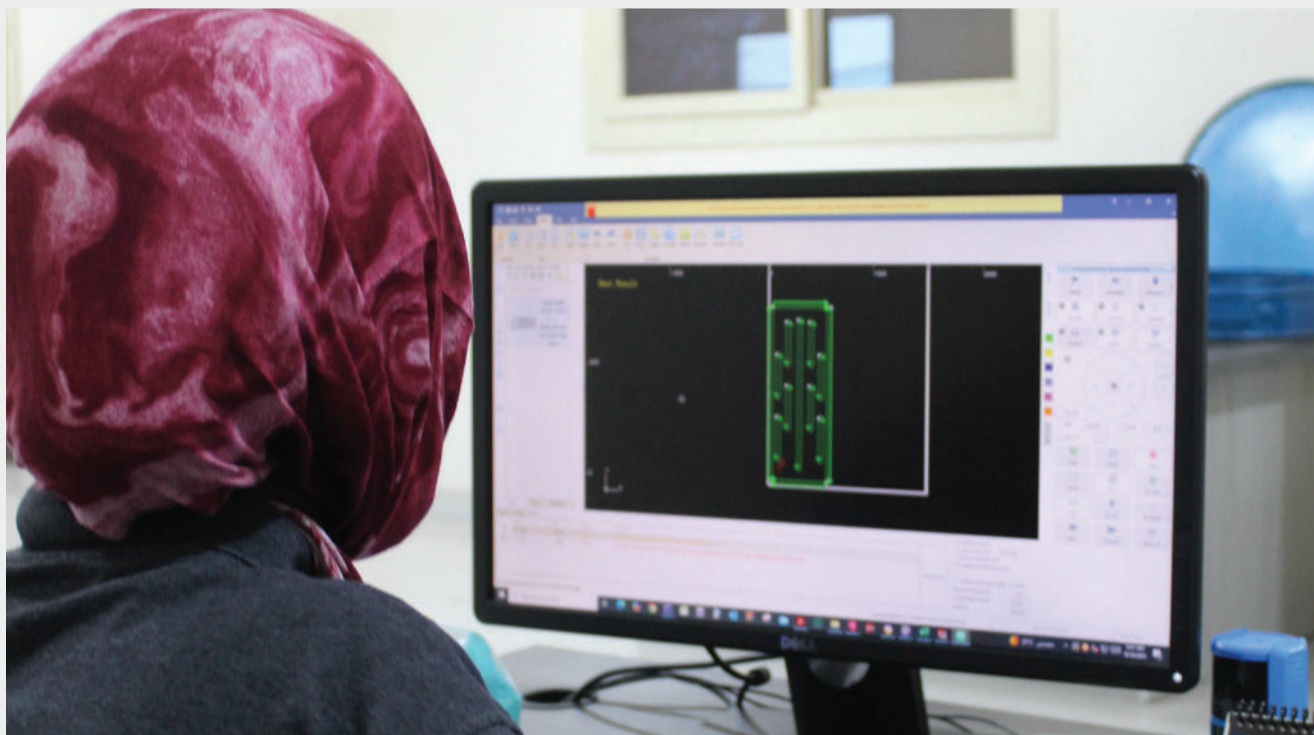

Wide Range of Products

At Serop Comp, we manufacture wide range of pressure vessels, including horizontal and vertical air tanks in various sizes and pressure ratings.

Beyond standard air tanks, our capabilities include:

- **Foam Tanks**
- **Trailer-Mounted Tanks**
- **SandBlasting Machines**
- **Filters (Gravel Filters and Air Filters)**
- **Stainless steel Tanks**

We provide full technical support and custom manufacturing to ensure our products fit your exact needs, with reliability, safety, and performance at the core.

Technical Support and Custom Project Development

We offer comprehensive technical support for the development and implementation of custom projects according to customer requirements. Our team of engineers and experts is ready to provide technical consultations and assistance at every stage of the project, from initial design to final implementation. We work closely with our clients to ensure all their requirements are met with the highest standards of quality.

Customized Pressure Vessels

At SeropComp, we understand that every client has unique needs. Therefore, we offer customized pressure vessels to meet these specific requirements. Whether you need tanks with particular capacity, pressure, or materials, our team is ready to provide the right solutions.

Applications of Compressed Air Tanks

SeropComp's compressed air tanks are used in a wide range of industries, including:

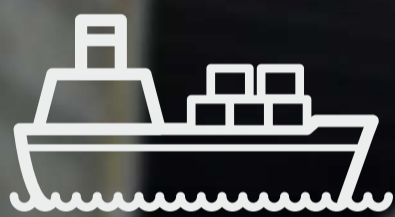

Manufacturing: To power industrial machinery and equipment.

Energy: For generating and storing compressed air in power plants.

Healthcare: To operate medical devices and various systems.

Construction: For use in construction sites to power pneumatic tools and equipment.

Oil and Gas: For storing and transporting compressed air in exploration and production operations.

Export and Overseas Agents

We export to more than ten countries and have agents in most countries of the world.

We are present in the following countries:

 **Egypt**

 **Syria**

 **Saudi Arabia**

 **Jordan**

 **Morocco**

 **Uganda**

 **Oman**

 **Sudan**

 **Libya**

 **Yemen**
